### ***There's a Google Group for New Rainier Vista residents!***

A Google Group is an online forum for neighborhood communication. Come join the conversation, share useful information (Know a good babysitter? Discover a great restaurant? Looking for a carpool? Need a recommendation for teen activities or a mechanic?), learn about upcoming events, and get to know your neighbors. All you need is an email address... Google Groups are FREE and are easy to use from any internet-enabled computer.

To participate, send your email address and your home address (this is necessary to limit membership of the group to actual NRV residents) to christina@dolcideria.com. All ages are welcome.
