D.1.5.3 Provided the Design Professional has (1) given the notice within the time stated in clause D.1.5.2; (2) excepted its claim relating to such decision from the final release; and (3) brought suit against the Owner not later than one year after receipt of final payment, or if final payment has not been made, not later than one year after the Design Professional has had a reasonable time to respond to a written request by the Owner that it submit a final voucher and release, whichever is earlier, then the Owner's decision shall not be final or conclusive, but the dispute shall be determined on the merits by a court identified in Clause D.1.5.6, or by consent of the Owner and Design Professional by other dispute resolution methods. Design Professional agrees to prepare or modify all agreements between Design Professional and his or her consultants to reflect this option to use alternative dispute resolution procedures.

D.1.5.4 Claims between Owner and any general contractor and/or its subcontractors, general contractor and Design Professional, and Owner and Design Professional shall, upon demand by Owner, be submitted in the same litigation, arbitration or mediation. Design Professional agrees to prepare or modify all agreements between Design

Professional and his or her consultants to reflect Owner's right to make this demand.

D.1.5.5 The Design Professional shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Owner.

D.1.5.6 This Contract shall be interpreted under Washington law. Jurisdiction and venue for any legal action to resolve a Dispute shall be in King County Superior Court, Seattle, Washington, or in the United States District Court for the Western District of Washington at Seattle.

D.1.6 Termination

D.1.6.1 The Owner may terminate this Contract for the Owner's convenience or for failure of the Design Professional to fulfill contract obligations. The Owner shall terminate by delivering to the Design Professional a Notice of Termination specifying the reason therefore and the effective date of termination. Upon receipt of such notice, the Design Professional shall immediately discontinue all services affected and deliver to the Owner all information, reports, papers, and other materials accumulated or generated in performing this Contract whether completed or in process. If the termination is for convenience of the Owner, the Owner shall be liable only for payment for accepted services rendered before the effective date of termination.

D.1.6.2 If the termination is due to the failure of the Design Professional to fulfill the Design Professional's obligations under the contract (default), the Owner may: (1) require the Design Professional to deliver to it, in the manner and to the extent directed by the Owner, any work as described in subparagraph D.1.6.1, and compensation be determined in accordance with clause D.1.2 Changes; (2) take over the work and prosecute the same to completion by contract or otherwise, and the Design Professional shall be liable for any additional cost incurred by the Owner; and (3) withhold any payments to the Design Professional, for the purpose of set-off or partial payment, as the case may be, of amounts owed the Owner by the Design Professional.

D.1.6.3 If, after termination for failure to fulfill contract obligations (default), it is determined that the Design Professional had not failed, termination shall be deemed to have been effected for the convenience of the Owner, and the Design Professional shall be entitled to payment as described in clause D.1.6.1.

D.1.6.4 Any disputes with regard to this clause are expressly made subject to the terms of clause D.1.5.

D.1.7 Delays by Owner

D.1.7.1 If the performance of all or any part of the work is, for an unreasonable period of time, delayed by an act of the Owner in the administration of this contract other than a suspension of work, or by its failure to act within the time specified in this contract (or if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this contract (excluding profit) necessarily caused by such unreasonable delay, and the contract modified in writing accordingly.

However, no adjustment shall be made under this Paragraph for any suspension or delay to the extent: (1) that performance would have been suspended or delayed by any other cause, including the fault or negligence of the Design Professional; or (2) for which an equitable adjustment is provided for as an exclusion under any other provision of this contract.

D.1.7.2 No claims under this Paragraph shall be allowed: (1) for any costs incurred more than 20 days before the Design Professional shall have notified the Owner in writing of the act, or failure to act, involved; and (2) unless the claim, in an amount stated, is asserted in writing as soon, as practicable after the termination of such suspension or delay, but no later than the date of final payment. No part of any claim based on this clause shall be allowed unless it is supported by adequate evidence showing that the cost would not otherwise have been incurred.

D.1.8 Certificate and Release

Prior to final payment under this contract or prior to settlement upon termination of the contract, and as a condition precedent thereto, the Design Professional shall execute and deliver to the Owner a Certificate and Release in form acceptable to the Owner, containing a release of all claims against the Owner by the Design Professional under and by virtue of this contract, other than such claims, if any, as may be specifically excepted by the Design Professional in stated amounts set forth therein.

D.1.9 Inspection and Acceptance

D.1.9.1 The Owner has the right to review, require correction, if necessary, and accept the work produced by the Design Professional. Such review(s) shall be carried out within **14 (fourteen) calendar days** so as to not impede the work of the Design Professional. Any work shall be deemed accepted as submitted if the Owner does not issue written comments and/or required corrections within **14 (fourteen) calendar days** from the date of receipt of such work from the Design Professional.

D.1.9.2 The Design Professional shall make any required corrections promptly and return a revised copy of the work

to the Owner within **30 (thirty) calendar days** of notification or a later date if extended by the Owner.

D.1.9.3 Failure by the Design Professional to proceed with reasonable promptness to make necessary corrections shall be a default.

D.1.10 Insurance. General Requirements

Prior to undertaking any work under this Contract, the Design Professional shall procure and maintain continuously for the duration of this Contract, at no expense to Owner, insurance coverage as specified below, in connection with the performance of this work of this Contract by Design Professional, its agents, representatives, employees and/or subcontractors (the term subcontractors as used in this Contract shall include sub-consultants).

The Design Professional's insurance shall be primary, as respects Owner and any other insurance maintained by Owner shall be excess and not contributing insurance with the Design Professional's insurance.

Except with respect to the limits of insurance, and any rights or duties specifically assigned to the first named insured, the Design Professional's Commercial General Liability and Commercial Automobile Liability insurance coverage shall apply as if each named insured were the only named insured, and separately to each insured against whom claim is made or suit is brought.

Failure of the Design Professional to fully comply with the insurance requirements of this Contract will be considered a material breach of contract and, at the option of Owner, will be cause for such action as may be available to Owner under other provisions of this Contract or otherwise in law, including immediate termination of the Contract.

The following types and amounts of insurance coverage as specified in Sections D.1.10.1 through D.1.10.4 must be maintained by the Design Professional during the term of this Contract. The Design Professional must provide acceptable evidence of such coverage prior to beginning work under this Contract.

D.1.10.1 Commercial General Liability Insurance

Coverage shall extend to cover the use of all equipment on the site or sites of the work of this Contract. In the event that the services to be provided under this Contract involve the Design Professional's contact with minor children, the Design Professional shall provide evidence that sexual misconduct coverage has not been excluded from the policy

and is covered under the policy. Acceptable evidence of sexual misconduct coverage must include an endorsement and policy excerpt(s) and is subject to approval by Owner's risk manager.

Employers Liability or Washington Stop Gap Liability: A policy of Employers Liability or a Washington Stop Gap Liability insurance endorsement with the following minimum coverage: **\$1,000,000 each accident.**

D.1.10.2 Commercial Automobile Liability Insurance

A policy of Commercial Automobile Liability Insurance, including coverage for owned, non-owned, leased or hired vehicles written on an insurance industry standard form (CA 00 01) or equivalent, with the following minimum coverage: **\$1,000,000 combined single limit coverage.**

D.1.10.3 Professional Liability Insurance

A policy of Errors and Omissions Liability Insurance appropriate to the Design Professional's profession. Coverage should be for a professional error, act, or omission arising out of the scope of services shown in the Contract, with the following minimum coverage: **\$1,000,000 per Claim/Aggregate.**

If the Professional Liability Insurance policy is written on a claims made form, the Design Professional warrants continuation of coverage, either through policy renewals or the purchase of an extended reporting period ("tail") for a minimum of three years from the date of completion of the work authorized by the Contract. In the event that the Design Professional is authorized to engage subcontractors, each subcontractor shall provide evidence of separate professional liability coverage equal to the levels specified above, unless such requirement is waived in writing by Owner.

D.1.10.4 Worker's Compensation

A policy of Worker's Compensation. As respects Worker's Compensation insurance in the State of Washington, the Design Professional shall secure its liability for industrial injury to its employees in accordance with the provisions of Title 51 of the Revised Code of Washington (RCW). If the Design Professional is qualified as a self-insurer in accordance with Chapter 51.14 RCW, the Contract shall so certify by a letter signed by a corporate officer indicating that it is a qualified self-insured, and setting forth the limits of any policy of excess insurance covering its employees, or any similar coverage required.

D.1.10.5 Additional Insured Endorsement

The Seattle Housing Authority must be named as an Additional Insured on a primary and non-contributory basis on all Commercial General Liability policies of the Design Professional. A policy endorsement (form CG2010B or equivalent) must be provided to Owner as evidence of additional insured coverage.

D.1.10.6 Proof of Insurance and Insurance Expiration

The Design Professional shall furnish certificates of insurance and policy endorsements as evidence of compliance with the insurance requirements of the Contract. Such certificates and endorsements must be signed by a person authorized by that insurance company to bind coverage on its behalf.

The Design Professional shall include all subcontractors as insureds under its policies (except for Professional Liability insurance) and ensure that the Design Professional's coverage of subcontractors under the Design Professional's policies is not excluded by any policy provision or endorsement. Alternatively, the Consultant shall:

- a.) Obtain from each subcontractor not insured under the Consultant's policy or policies of insurance, evidence of insurance meeting all the requirements of this Contract, and
- b.) Maintain such evidence on file for a period of one year after the completion of this Contract and, upon request, submit such evidence to SHA for examination.

The Design Professional's insurance shall not be reduced or canceled without forty-five (45) days prior written notice to Owner. The Design Professional shall not permit any required insurance coverage to expire during the term of this Contract.

Owner reserves the right to require complete, certified copies of all required insurance policies at any time during the term of this Contract, or to waive any of the insurance requirements of this Contract at its sole discretion.

D.1.10.7 Carrier Review and Approval Authority

Insurance policies, deductibles, self-insured retentions, and insurance carriers will be subject to review and approval by Owner. All insurance shall be carried with companies that are financially responsible. Generally, except for Professional Liability Insurance coverage, all carriers of insurance or reinsurers must have and maintain a rating of "A VII" or better as identified in the *A.M. Best Insurance Rating Guide*, most recent edition. Insurance carriers or reinsurers who do not have a rating of "A VII" or better may not be used without written approval of Owner's Risk Manager. All carriers or reinsurers of Professional Liability (Errors and Omissions) Insurance must have and maintain a rating of "B+VII" or better as identified in the *A. M. Best Insurance Rating Guide*, most recent edition. Insurance carriers or reinsurers for Professional Liability Insurance who do not have a rating of "B+VII" or better may not be used without written approval of SHA's Risk Manager.

D.1.10.8 Waiver of Subrogation

Owner and Design Professional waive all subrogation rights against each other, any general contractor and/or subcontractors, Design Professional's consultants or sub-consultants, for damages caused by fire or other perils to

the extent covered by property insurance obtained pursuant to this section or other property insurance applicable to the Work, except such rights as they have to proceeds of such insurance held by Owner as fiduciary. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

D.1.11 Retention of Rights

Neither the Owner's review, approval or acceptance of, nor payment for, the services required under this Contract shall be construed to operate as a waiver of any rights under this Contract or any cause of action arising out of the performance of this Contract, and the Design Professional shall be and remain liable to the Owner in accordance with the applicable law for all damages to the Owner caused by the Design Professional's negligent performance of any of the services furnished under this Contract.

D.1.12 Changes

The Owner may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in the services to be performed.

D.1.12.1 If any such change causes an increase or decrease in the prices charged, the maximum amount of the contract, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, the Owner shall make an equitable adjustment in the maximum amount, the price(s), the delivery schedule, or other affected terms, and shall modify the contract accordingly.

D.1.12.2 The Design Professional must assert its right to an equitable adjustment under this clause within 30 days from the date of receipt of the written order. The Owner will respond within 30 days or within another mutually-agreed upon period.

D.1.12.3 Failure to agree to any adjustment shall be a dispute under clause D.1.5. However, nothing in this clause shall excuse the Design Professional from proceeding with the contract as changed.

D.1.12.4 No services for which an additional cost or fee will be charged by the Design Professional shall be furnished without the prior written consent of the Owner.

D.1.13 Contract Modification

Only the Owner Contracting Officer has authority to modify any term or condition of this contract. Any contract modification shall be authorized in writing.

D.1.13.1 The Owner may modify the contract unilaterally: (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes); or (2) for administrative matters which do not change the rights or responsibilities of the parties (e.g., change in the Owner address). All other contract modifications shall be in the form of supplemental agreements signed by the Design Professional and the Contracting Officer.

D.1.14 Hold Harmless and Indemnification

D.1.14.1 The Design Professional and each of his/her Sub-contractors, or Sub-Consultants, shall be liable for all damages and injury of every kind and character whatsoever which shall occur to any person or persons or property whatsoever to the extent caused by the negligence of the Design Professional or any of his/her Sub-contractors, Sub-Consultants, agents, servants or employees or caused by any breach or violation by the Design Professional or any of his/her Subcontractors, Sub-Consultants, agents, servants or employees of any duty owed to any person or persons under the Contract Documents or under any law or ordinance, or rule of any board or officer having authority on the premises.

D.1.14.2 To the maximum extent permitted by RCW 4.24.115, the Design Professional shall defend, indemnify and hold harmless the Owner, its officers, and employees from all claims, suits and actions of every name and description made or brought against the Owner, or any of its officers, employees, and agents for or on account of any damage to person or property arising from, or growing out of, the work under this Contract. In any claim, suit or action made or brought against the Owner by any employee of the Design Professional or any of his/her Subcontractors or Sub-Consultants, the Design Professional's obligations under this section to the Owner, its officers and employees shall not be limited by any immunity under RCW Title 51, and the Design Professional waives any such immunity as to the Owner, its officers and employees.

Such Additional Services shall be within the general scope of services covered by this Contract. The Design Professional shall provide supporting cost information in sufficient detail to permit the Owner to perform the required cost or price analysis.

All required records shall be retained for three years after the Owner or Design Professional and other sub grantees make final payments and all other pending matters are closed.

E.1.6 Copyrights and Rights in Data

HUD has no regulations pertaining to copyrights or rights in data as provided in 24 CFR 85.36, HUD requirements. Grantees and sub grantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for such standards by the grantee's and sub grantee's officers, employees, or agents or by Contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

Neither the Owner nor any of its contractors or their subcontractors shall enter into any Contract, subcontract, or agreement, in connection with any Project or any property included or planned to be included in any Project, in which any member, officer, or employee of the Owner, or any member of the governing body of the locality in which the Project is situated, or any member of the governing body of the locality in which the Owner was activated, or in any other public official of such locality or localities who exercises any responsibilities or functions with respect to the Project during his/her tenure or for one year thereafter has any interest, direct or indirect. If any such present or former member, officer, or employee of the Owner, or any such governing body member or such other public official of such locality or localities involuntarily acquires or had

acquired prior to the beginning of his/her tenure any such interest, and if such interest is immediately disclosed to the Owner and such disclosure is entered upon the minutes of the Owner, the Owner, with prior approval of the Government, may waive the prohibition contained in this subsection: Provided. That any such present member, officer, or employee of the Owner shall not participate in any action by the Owner relating to such contract, subcontract, or arrangement.

No member, officer, or employee of the Owner, no member of the governing body of the locality in which the Project is situated, no member of the governing body of the locality in which the Owner was activated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the Project, during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in this Contract or the proceeds thereof.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this Contract for default, and debarment or suspension from future HUD assisted contracts.

G.
