The Seattle Housing Authority (SHA) for itself or as an agent for another SHA related entity (hereinafter "SHA"), is soliciting Submittals/Proposals from qualified individuals and businesses interested in performing the following:

Project Description:

SHA is seeking a qualified consultant to use arts-based creative strategies to create a plan and program for corridor activation at Yesler Terrace (YT). This project is funded by the Kresge Foundation, which has provided SHA with support to infuse arts and culture programs into the redevelopment of Yesler Terrace. This particular project helps address SHA's commitment to fostering the social experience of place at Yesler, and to creating experiences that are place-based and community driven.

In this program, an artist, creative team, or non-profit group will conduct community-based research to understand the importance and potential for a neighborhood specific pathway at Yesler. The artists or designers will explore why this place is important to the community and what activities and arts and culture strategies can be used to preserve and amplify its meaning. Audience focus will include original Yesler Terrace residents, new neighborhood residents, and community partners and SHA staff. The Consultant will work with SHA staff to identify the specific pathway for study, and recommendations will draw on existing community partnerships and engagement opportunities as well as new opportunities. The Consultant will work with SHA staff to implement pilot programs, as part of their research.

Yesler Terrace Background:

Yesler Terrace is a 30-acre site near downtown Seattle that was developed by the Seattle Housing Authority in the early 1940s as the city's first publicly subsidized housing community. In 2006, when it had become evident that Yesler's infrastructure and 561 aging housing units needed to be replaced, SHA began a conversation with residents, surrounding neighbors, city officials, key partners and the citizens of Seattle. A vision took shape for transforming Yesler Terrace — a site with great potential due to its central location close to jobs, public transit options and beautiful views — into a mixed income community.

In 2013, the revitalization of Yesler Terrace began. What is emerging is a dynamic new community that honors the neighborhood's history and cultural richness while creating attractive new housing that is affordable to residents across a broad range of incomes.

In addition to replacing all 561 original units for families earning no more than 30 percent of the area median income, SHA is dramatically increasing affordable housing opportunities by creating up to 1,100 additional low-income units at Yesler.

New parks and open spaces encourage physical activity and engagement among residents, and a new streetcar line through Yesler connects the community to a regional transportation system. Expanded services for SHA residents at Yesler promote educational achievement, better health, participation in the arts, and greater employment opportunity. For more information about Yesler Terrace and SHA, please go to the following webpage: <https://www.seattlehousing.org/about-us/redevelopment/redevelopment-of-yesler-terrace>.

Scope of Work:

The Consultant shall be asked to perform the following tasks:

- Experience community life by attending community meetings, programs, and celebrations as a participant or observer, when appropriate.
- Engage community in creative feedback opportunities, varying strategies to include a range of Yesler Terrace stakeholders, including original, new to the neighborhood, and surrounding area residents.
- Work closely with SHA staff to identify specific focus pathways and recommendations for community engagement, project work plan, and deliverables.
- Develop opportunities to create more social engagement around focus pathways, collaborating with existing or new cultural partners, when appropriate.
- Implement arts experiences and pathway activation activities as pilot programs, in consultation with SHA staff.
- Manage administrative aspects of the position, including budgets and schedule management, program proposals, regular programmatic meetings with coordinating SHA staff, and documenting and presenting project activities.

Substitute IRS Form W-9 Certification: In completing the Vendor Fact Sheet, you must sign the "Substitute IRS Form W-9 Certification" or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct taxpayer identification number to SHA, you must cross out the portion of the certification after the word "and" in line two, through the end of line five, before signing the form. Detailed instructions about IRS Form W-9 are included on the form, which may be obtained by calling our office at (206) 615-3379 or visiting the IRS web site at www.irs.gov.

Certification of Eligibility: In order to do business with SHA, the Vendor must be eligible to:

By signing the Vendor Fact Sheet, the Vendor understands that the certification of eligibility is a material representation of fact upon which reliance was placed when SHA agreed to enter into the transaction with the Vendor. SHA may require the Vendor to submit such certification on an annual basis depending on the terms of its contract or the frequency of its business transactions with SHA. If the Vendor subcontracts any portion of the work, the Vendor will be required to submit a similar certification of eligibility to SHA for any Vendor subcontracts. Any written contract executed between SHA and the Vendor shall include these provisions, which may also be referred to as Suspension/Debarment provisions.

Contract Payments: Unless SHA grants a waiver, its method of contract payment for contracts of one million or more is through its Bank of America e-payables program.
