Request for Proposals (Solicitation No. 5332)

Youth Development Services at SHA Communities

A. INTRODUCTION

1) **General:** The Seattle Housing Authority (SHA) is seeking proposals from qualified Service Providers (hereinafter “Service Providers” and/or “Consultants”) to assist SHA in providing year-round youth development services to youth living in SHA housing and receiving housing assistance from SHA.

2) **Seattle Housing Authority Background:** SHA is a public body corporate and politic that provides affordable housing to about 34,000 low-income people in Seattle. SHA operates according to the following Mission and Values:

   **Our Mission**
   Our mission is to enhance the Seattle community by creating and sustaining decent, safe and affordable living environments that foster stability and increase self-sufficiency for people with low-income.

   **Our Values**
   As stewards of the public trust, we pursue our mission and responsibilities in a spirit of service, teamwork, and respect. We embrace the values of excellence, collaboration, innovation, and appreciation.

   The mission of the Seattle Housing Authority is to enhance the Seattle community by creating and sustaining decent, safe and affordable living environments that foster stability and self-sufficiency for people with low incomes. SHA provides long-term, low-income rental housing and rental assistance to more than 34,000 people in Seattle. SHA owns and operates approximately 8,000 units at nearly 400 sites throughout the city. SHA also administers more than 10,000 Housing Choice Vouchers, enabling low-income residents to receive rental assistance throughout the Seattle housing market. SHA, an independent public corporation established in 1939, is governed by a seven-member Board of Commissioners, two of whom are SHA residents. Commissioners are appointed by the Mayor and confirmed by the City Council. More information is available at [www.seattlehousing.org](http://www.seattlehousing.org).

3) **Women and Minority Business Enterprise (WMBE) Inclusion Plan:** SHA requires proposers to make good-faith efforts to meet SHA’s 14% aspirational Inclusion Plan goal in the use of minority-owned and women-owned businesses in the direct performance of commercially useful work as part of the proposed Project Team. Also, SHA requires a good-faith effort in finding and utilizing the services of socially and economically disadvantaged business enterprises, HUD Section 3 businesses, small businesses and veteran-owned businesses and to provide meaningful opportunities to those firms to participate in the direct performance of commercially useful work as part of the proposed Project Team.
Also, SHA requires the good-faith efforts to include women, minority, economically disadvantaged, section 3 or other low-income residents in their firm’s in-house team makeup for this Contract. This Equal Employment Opportunity (EEO) does not count towards the meeting of the inclusion plan goals, but it could be helpful to evaluators in determining your firm’s good-faith efforts.

Good-faith efforts will be considered in the evaluation process for selecting a qualified firm. Please complete Exhibit A attached hereto and include it with your Proposal.

4) **Cooperative Purchasing:** RCW 39.34 allows cooperative purchasing between public agencies (political subdivisions) in the State of Washington. Public agencies that file an Interlocal Joint Purchasing Agreement with SHA may also wish to procure the services herein offered by the successful party. The successful party shall have the option of extending its offer to SHA to other agencies for the same cost, terms and conditions.

SHA does not accept any responsibility for agreements, contracts or purchase orders issued by other public agencies to the successful party. Each public agency accepts responsibility for compliance with any additional or varying laws and regulations governing purchase by or on behalf of the public agency. SHA accepts no responsibility for the performance of the successful party in providing services to other public agencies, nor any responsibility for the payment price to the successful party for other public-agency purchases.

**Pre-Submittal Meeting:** Proposers are strongly encouraged to attend a Pre-Submittal Meeting at the date and time indicated above.

**Submittal:** The deadlines given above are firm as to place, date, and time. SHA will not consider any proposal received after the deadline and will return all such proposals unopened.

All proposals should be clearly marked when delivered or mailed to avoid any confusion about recording arrival dates and times. Proposers should take this practice into account and submit their materials early to avoid any risk of ineligibility caused by unanticipated delays or other delivery problems. *NOTE: A faxed or e-mailed proposal is not acceptable.*

Upon receipt of each proposal, SHA’s Purchasing Division will date-stamp it to show the exact time and date of receipt. Upon request, Purchasing will provide the Proposer with an acknowledgment of receipt. All proposals received will become the property of the Seattle Housing Authority and will not be returned to the Proposer.

**Proposals** should be limited to a maximum of 14 pages single sided, or 7 pages double sided in no smaller than 11 point font on 8½” by 11” sheets. Your **cover letter** should express your interest in performing the work. 1) **Required number of copies:** Proposers responding to this RFP shall submit **one (1) original and five (5) copies of their proposal** to the address indicated above. **The following items/forms are to be submitted with the one original proposal only.** Do not include these items/forms with the proposal copies.

   - Suspension and Debarment Compliance Certificate for Sub-Consultants
   - Certifications and Representations of Offerors (form HUD-5369-C)
   - For-Profit Subgrantee and Contractor Certifications and Assurances Form

2) **Proprietary Proposal Material:** Any records or materials submitted to SHA in response to this RFP become public records under Washington State law (see RCW Chapter 42.56, the Public Disclosure Act, at [http://www1.leg.wa.gov/LawsAndAgencyRules](http://www1.leg.wa.gov/LawsAndAgencyRules)). Public records must be promptly disclosed upon request unless a statute exempts disclosure. Exemptions from disclosure include trade secrets and valuable formulas (see RCW 42.56 and RCW Ch. 19.108); however, public disclosure exemptions are
narrow and specific. Proposers are expected to be familiar with any potentially-applicable exemptions, and the limits of those exemptions.

Proposers are obligated to separately bind and clearly mark as “proprietary” information any proposal records they believe are exempted from disclosure. The body of the proposal may refer to these separately-bound records. Proposers should mark as “proprietary” only that information they believe legitimately fits within a public-disclosure exemption. SHA may reject solicitation responses that are marked proprietary in their entirety.

If SHA receives a public disclosure request for records that a Proposer has marked as “proprietary information,” SHA may notify the Proposer of this request and postpone disclosure briefly to allow the Proposer to file a lawsuit under RCW 42.17.330 to enjoin disclosure; however, this is a courtesy of SHA and not an obligation.

SHA has no obligation to assert an exemption from disclosure. If the Proposer believes that its records are exempt from disclosure, the Proposer is obligated to seek an injunction under RCW 42.56. By submitting a proposal, the Proposer acknowledges this obligation; the Proposer also acknowledges that SHA will have no obligation or liability to the Proposer if the records are disclosed.

3) **Cost of Preparing Proposals:** SHA will not be liable for any costs incurred by the Proposer in the preparation and presentation of proposals submitted in response to this RFP including, but not limited to, costs incurred in connection with the Proposer’s participation in demonstrations and the pre-proposal conference.

4) **Rights Reserved by SHA:** SHA reserves the right to waive as an informality any irregularities in submittals and/or to reject any or all proposals. SHA requests that companies refrain from requesting public disclosure of selection information until a contract has been executed as a measure to best protect the solicitation process, particularly in the event of a cancellation or re-solicitation. With this preference stated, SHA shall continue to properly fulfill all public disclosure requests for such information as required by State Law.

**C. SCOPE OF WORK**

**General:** The selected Service Provider shall assist SHA in providing Youth Development Services to youth living in SHA housing and receiving housing assistance from SHA. The Contract will be On-Call where work for specific SHA communities will be assigned by Work Order to the Contract. Those Work Order assignments will be assigned as funding becomes available. Each Work Order will be for a specific SHA community. The first Work Order that currently has funding will be for the High Point Community as described below.

The program shall initially serve children and youth (elementary, middle and high school students) from culturally, ethnically, and economically diverse SHA families living at High Point, surrounding communities as well as receiving assistance from SHA. Additional locations may be added and/or the program expanded by separate Work Orders during
the Contract period. Each Work Order will have its own Scope of Work related to that SHA community.

The purpose of the Youth Development Program for the High Point community, which the Service Provider(s) shall be expected to fulfill, is to provide on-going college and career readiness opportunities for at least 40 multi-ethnic middle- and high-school youth living in High Point and/or surrounding communities. Additional communities may be added by additional Work Orders in the future based on funding availability. It is expected that the program will include regularly scheduled activities that run year round as well as shorter, one day, or multi-day workshops or events. The program will address this purpose through the development and growth of a multi-ethnic group of youth made up of High Point youth of middle and high school age. The focus will be on providing career readiness/exploration activities, college preparation activities, internships, and afterschool activities.

SHA may commit additional funding for youth development services for subsequent years, depending on program performance and available funding.

Proposals will be evaluated on realistic measures that demonstrate realistic student growth as well as on how well the Service Provider(s) can demonstrate an understanding of which key indicators are important to student growth and can be successfully impacted through their proposed program.

Evaluations of Proposals will be based on your approach to the anticipated first Work Order Scope of Work for the High Point community as described below.

1) Activities and Objectives: SHA is seeking proposals that show evidence of the Service Provider(s)' ability to meet the following tasks and objectives. The selected service Provider(s) will be asked to perform, but will not necessarily be limited to these activities and objectives:

   a. The selected Service Provider(s) shall assist SHA in providing year-round youth development through college and career readiness programming for culturally, ethnically, and economically diverse families of middle- and high-school youth living in the High Point community, located in West Seattle;
   b. The program should be designed so that an average of at least 15 youth are able to participate daily, with an average of 40 youth participating weekly. It is expected that some youth will participate in on-going activities, while others will only take part in specific class(es) or workshop(s);
   c. Provide youth development programming in the afterschool hours. Weekend programming is also encouraged;
   d. Provide career readiness and exploration opportunities. Career readiness could include activities such as resume development, job search skills, interview skills as well as identifying careers of interest and identifying skills needed and paths to achieve desired careers. Career exploration could include activities such as visiting job sites, job shadowing, exploring new skills and interests through after school activities and programs, etc.;
   e. Provide college preparation activities. These could include activities such as ACT/SAT preparation courses, college visits, support in college applications/FAFSA forms, workshops/information sessions on college readiness in general,
family college readiness workshops, support identifying which college path is best for individual youth, etc.;
f. Provide youth internships. Strong applications will include internships that connect to activities the youth have interest and/or skills as well as those that help youth identify future career paths. Internships can be paid and/or unpaid, and should include real-world experience for a variety of interests, skills sets and abilities;
g. Link the youth with adults who can support programming and also act as role models. Build healthy youth/adult partnerships;
h. Programming should build upon itself, allowing youth increasing opportunities to grow and explore areas of interest;
i. Demonstrates alignment with Seattle Public Schools' Strategic Plan Priority: High-Quality Instruction and Learning Experiences: Educate the whole child[^1] through high-quality instruction[^2] and learning experiences that accelerate growth for students of color who are furthest from educational justice, with an intentional focus on African American males.
   i. ^[1] Whole child education goes beyond a focus on academic achievement. When educators focus on educating the whole child, students are healthy, safe, engaged, supported, and challenged. In Seattle Public Schools, this means that we appreciate and serve the academic, social, emotional, and behavioral strengths and needs of students, which we believe comprise the needs of the "whole child."
   ii. ^[2] High-quality instruction is focused on student-centered learning and achievement, intentional about student engagement, and aligned to standards with consistent and appropriate feedback.
   iii. ^[3] At its foundation, culturally responsive education means that students are in an environment where they have the individual safety and comfort to learn within a classroom that has a common culture that is respectful of all backgrounds.
iv. Goals
v. Students of color who are furthest from educational justice will feel safe and welcome in school. Measures Used to Evaluate Success: Student culture and climate surveys; Attendance; Discipline; Equitable access to services (i.e., special education, English language learners, and highly capable).
vi. Students of color who are furthest from educational justice will finish 9th grade on track for on-time graduation. Measures Used to Evaluate Success: At least six credits by the end of 9th grade;
vii. Students of color who are furthest from educational justice will graduate ready for college and career. Measures Used to Evaluate Success: SBA; SAT / ACT; Advanced coursework completion; CTE course pathway completion; College enrollment without developmental courses.

j. Proposal includes plans to gain access to school-based academic data for participants and to track and respond to Seattle Public Schools and SHA-identified indicators of success. Proposal includes details of which data points are currently tracked by the Service Provider as well as any additional data that the Service Provider intends to track as part of the proposed program. Proposal demonstrates how the data will be used to help youth improve their academic outcomes. (See examples of indicators in Scope of Work.) SHA is committed to assisting contracted Service Providers with this process. SHA will help the selected Service Provider access any required, base-line data, and will support access to trainings for the Service Provider to be able to understand and use the data. Once the data is available, the selected Service Provider
will need the capacity to monitor and utilize this data to inform the type of services offered within the program as a whole as well as to individual youth based on their specific academic needs;
k. Provide all programming in a youth-centric environment that is accessible and appealing to target youth;
l. Recognize and respect the knowledge, experience, and skills that young people have now while challenging them to enhance these skills and develop new interests and skills;
m. Outreach to parents to encourage their knowledge of, support of, and involvement in the overall success for the youth;
n. Develop meaningful and appropriate ways to involve parents to increase youth success; and
o. Participate in SHA-specified program evaluation and/or program assessment and improvement activities. This may be through an outside evaluation team and/or a cohort model of program support.

2) **Project Target Population:** SHA’s target population for this RFP is middle- through high-school aged youth living in SHA’s High Point community as well as SHA youth living in the surrounding communities. Additional communities may be added if new funding becomes available. As of January 2020, there are 376 SHA youth residents ages 12-17 living in High Point SHA housing. 73% or 274 of the youth identify as Black; 10% or 38 as Asian, 6% or 21 as White, 4% or 15 as Latino and 7% or 28 as other. A large part of the population is composed of immigrants and refugees and the youth in these communities speak over a dozen languages. Common languages of youth in these communities include Somali (39%), English (22%), Spanish (4%), Oromo (4%), Tigrinya (3%), Vietnamese (3%), and Amharic (3%). SHA is seeking Service Provider(s) and project(s) that are appealing and utilized by youth representative of this diverse population.

3) **Program Space:** Service Provider(s) must have a plan to access space to serve youth from these communities. Programming may be offered within the SHA communities or in a location that is readily accessible to the target youth. If Service Provider(s) plan to access space in SHA communities, proposal should include information on how they will do so. Shared space may be necessary in these communities.

**Note:** Any organization wishing to access space in the High Point Neighborhood Center will need to follow the buildings Green Standards. All electronic equipment in the building needs to conform to the green standards for the building. For more information, go to: [http://www.nhwa.org/high-point/going-green/](http://www.nhwa.org/high-point/going-green/)

Service Providers are encouraged to identify and clearly label in their submittal how each
criterion is being fully addressed. Evaluation of responses to this RFP will be based only

In conducting reference checks, SHA may include itself as a reference if the Proposer has performed work for SHA, even if the Proposer did not identify SHA as a reference.

By submitting its proposal in response to this RFP, the consultant accepts the procurement method used and acknowledges and accepts that the evaluation process will require subjective judgments by SHA and the evaluation panel.

If agreement cannot be reached with any qualified firm, SHA reserves the right to cancel the solicitation.

Vendor Fact Sheet Instructions

Thank you for your interest in doing business with the Seattle Housing Authority (SHA). We look forward to doing business with you. If you have any questions about completion of the Vendor Fact Sheet, please call us at (206) 615-3379.

In order for SHA to make payments to you or to procure goods or services from you, we need the information requested on the Vendor Fact Sheet, which also serves as a substitute IRS W-9 Form. The information about you will be entered into our computerized payment system and will allow us to make required reports to the Federal government about our business and payment transactions.

**Substitute IRS Form W-9 Certification:** In completing the Vendor Fact Sheet, you must sign the “Substitute IRS Form W-9 Certification” or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct taxpayer identification number to SHA, you must cross out the portion of the certification after the word “and” in line two, through the end of line five, before signing the form. Detailed instructions about IRS Form W-9 are included on the form, which may be obtained by calling our office at (206) 615-3379 or visiting the IRS website at [www.irs.gov](http://www.irs.gov).

**Certification of Eligibility:** In order to do business with SHA, the Vendor must be eligible to:

1) Be awarded contracts by any agency of the U.S. Government, HUD, or the State in which this Contract work is to be performed; or,

2) Participate in HUD programs pursuant to 24 CFR Part 24.

By signing the Vendor Fact Sheet, the Vendor understands that the certification of eligibility is a material representation of fact upon which reliance was placed when SHA agreed to enter into the transaction with the Vendor. SHA may require the Vendor to submit such certification on an annual basis depending on the terms of its contract or the frequency of its business transactions with SHA. If the Vendor subcontracts any portion of the work, the Vendor will be required to submit a similar certification of eligibility to SHA for any Vendor subcontracts. Any written contract executed between SHA and the Vendor shall include these provisions, which may also be referred to as Suspension/Debarment provisions.

**Contract Payments:** Unless SHA grants a waiver, its method of contract payment for contracts of one million or more is through its Bank of America epayables program. Payments will be made electronically through a virtual Visa credit card. To learn more about the program, please click here or copy and paste the following URL into your browser: [www.bankofamerica.com/epayablesvendors](http://www.bankofamerica.com/epayablesvendors). Section 3 Resident Employment Plan

Section 3 of the Housing and Urban Development Act of 1968 (hereinafter “Section 3”) requires SHA, to the greatest extent feasible, to provide employment opportunities to “Section 3 residents.” Section 3 residents include residents of SHA communities and other low income residents of the metropolitan statistical area (hereinafter “MSA”) covering King, Snohomish, and Pierce counties. SHA residents, preferably residents of the SHA community in which the work is to be done, are favored over other low-income residents of the MSA.

For construction contracts only:

- Each bidder is required to submit with their bid package a plan which will result in the hiring of Section 3 residents to perform the work contemplated by the bid. SHA has established a goal that 100% of all new hires be Section 3 Residents to the greatest extent feasible.

- At a minimum, the Contractor and its subcontractors shall advertise new positions created in order to perform the work called for herein and will post notices to the Contractor’s commitments under Section 3 in conspicuous places at the work site. In addition, the Contractor must notify each labor organization with whom it or its subcontractors have a collective bargaining agreement or other understanding of these Section 3 commitments.

For consulting contracts only:

- Firms are required to include this Section 3 Resident Employment Plan (hereinafter “Plan”) in their submittal showing, if applicable, the hiring of Section 3 residents to perform the work contemplated by the submittal.
In order to fulfill its Section 3 obligations, the Contractor/Consultant may work with service providers on site at various SHA communities including, but not limited to, Neighborhood House and the Employment Opportunities Center. The plan should specify the number of positions the Contractor/Consultant expects will be created and what minimum qualifications and skills will be required in order to perform the positions. The plan, if applicable, should also address the Contractor/Consultant’s strategy for recruiting SHA residents for the available positions, which should include consultation with SHA’s Section 3 Coordinator.

1. How many new positions do you expect this contract will require you to create?

2. Describe each position and provide the name and provide the location of the person(s) taking applications for each such position.

3. What minimum skills will be required for each position?

4. Please describe any training opportunities which the contract may create and any agreements concerning training you have.

5. How will you advertise these positions to SHA residents?
