Welcome from SHA!
Welcome to the Housing Choice Voucher program! We are incredibly excited to partner with you to house Seattle’s low-income families and meet the affordable housing crisis head on!

We want to assure you that this rental will largely be the same as any other, and for the parts that aren’t we are here to help.

This packet contains a few documents walking you through the program:
- **Landlord Journey** - Maps out the process from signing a lease to getting paid and more.
- **Contact Points** - Easy ways to reach SHA for all your needs.
- **Resource Referral** - Information on SHA services, landlord associations, etc.

Other questions will surely come up and when they do, we are ready to assist. The best place to start is with our Owner Liaison at 206-239-1672 or landlordsupport@seattlehousing.org.

Thank you again for your partnership. We look forward to working with you now and in the future!

**About the HCV Program**

HCV is the largest rental assistance program in the United States. Subsidized by the federal government, SHA administers the program in Seattle. At its core, it’s a partnership between landlords and SHA to assist low-income households in renting private units they otherwise couldn’t afford.

**How does the program work?**

SHA issues vouchers to eligible households to rent units just as any unsubsidized renter would. Voucher participants pay 30-40% of their income toward rent and utilities. The remaining rent is paid by SHA directly to the landlord via Housing Assistance Payments (HAP).

**What is the role of the Seattle Housing Authority?**

Along with our monthly rent portion, SHA inspects units to ensure they meet Housing Quality Standards and determines if proposed rents are affordable & reasonable.

**HCV benefits landlords!**

- **Guaranteed Rent** – SHA’s portion will be sent each month without delay.
- **Flexibility & Stability** – SHA adjusts its portion as household income changes to ensure you receive the full contract rent.
- **Inspections by Certified Staff** – SHA inspections can be used in place of Seattle RRIO inspections.
List Unit
While applicants can find your unit on all the usual spots, like Craigslist, consider marketing directly to SHA voucher holders at seattlehousing.org/listrental.

Initiate a Lease
After you complete your tenant screening and select an SHA applicant, they will give you a Request for Tenancy Approval (RFTA) form. Complete this and return it to SHA.

Unit Inspection
After the RFTA is processed, SHA will contact you to schedule an inspection. Prepare the unit to be move-in ready (ask us for the most common reasons an inspection might fail).

Sign Lease & Get Paid
SHA’s rent portion, or Housing Assistance Payment (HAP), is deposited automatically into your bank account each month. We must have a signed HAP contract and copy of the executed lease to release HAP.

Rent Increases
Contract rent increases must be submitted to SHA 60 days in advance of the effective date. Rent increases will only be approved once every 12 months and must be “rent reasonable”.

Report Changes
Submit ownership or payment information changes to the Owner Liaison. If you enter a new lease or issue a notice to the tenant, send a copy to the tenant’s Certification Specialist.

Annual Inspections
All subsidized units are subject to annual SHA inspection. SHA will notify you three weeks in advance. You are not required to attend.

Subsidy Ending
HCV works closely with participants to make sure they keep their subsidy as long as they need it. If they do not, we have a Housing Assurance Option in case there is a change in circumstances within the first year.

Tenant Moving
If your tenant decides to move, list the unit again at seattlehousing.org/listrental.
