Additional comments about the selection process or recommended firm(s) (optional):

In reviewing scores related to cost after recommendation to award to two firms, it was discovered Professional Services Industries (PSI) was actually the second place proposer. There was an extension error in Krazan's Exhibit 1 which incorrectly put them in second place. SHA had already awarded contract to Otto Rosenau and Krazan. To remedy the award error, SHA is going to award a third contract to PSI. All three vendors will propose on upcoming work to keep a competitive environment in place for work orders going forward.
