SHA's Housing Choice Voucher (Section 8) program provides rental assistance for people with low incomes to rent from landlords throughout the Seattle rental market.

Applicants will be chosen at random whenever vouchers are available. The chance of being selected from the list is the same no matter when households apply.

Application is free; if any website asks for money to complete an application it is not the correct site. To avoid misleading websites applicants should type seattlehousing.org into an internet browser.

SHA will review eligibility and verify income at the time applicants are selected from the list. Applicants who meet the voucher program eligibility requirements and meet the program preferences will be served.

Applicants who need assistance applying online, want a paper application, want to apply in person, need accommodation for a disability, or need translation or an interpreter can contact SHA's Housing Choice Voucher staff at 206.239.1674 or by email at: **voucherlist@seattlehousing.org**.
